## GOVERNOR GILLETT CALLS EXTRA SESSION

### LEGISLATURE TO CONVENE ON TUESDAY

Will Extend Time for the Payment of Taxes.

**A. M. WILSON WILL BE OUSTED**

Session Will Also Ratify S. F. Charter Amendments.

SACRAMENTO, Nov. 15.—Governor Gillett issued his special session proclamation this morning.

The proclamation is as follows: "PROCLAMATION BY THE GOVERNOR, CONVENING THE LEGISLATURE IN EXTRAORDINARY SESSION.

"State of California, Executive Department.

"Whereas, an extraordinary occasion having arisen and now existing, requiring the legislature of the State of California to convene;

"Now, therefore, I, James N. Gillett, Governor of the State of California, by virtue of the power and authority in me vested by Section 9, Article V of the Constitution of the State of California, do hereby convene the legislature to meet and assemble in extraordinary session at Sacramento, California, on Tuesday,

## PROSECUTION CLOSES ITS CASE IN MURDER TRIAL OF MRS. ANNA BRADLEY

### INSANITY TO BE WOMAN'S PLEA

Son of the Murdered Senator Is Witness Against Her.

WASHINGTON, Nov. 15.—The prosecution today rested its case in the trial of Mrs. Annie Bradley, charged with the murder of former United States Senator Arthur Brown in this city last winter and Mrs. Bradley's attorney outlined the character of the defense. This as concisely stated will be that the woman had by reason of rough treatment to her become irresponsible for her actions at the time she shot the ex-Senator and that she shot him only after he had rushed at her, cursing her. The court adjourned till Monday when testimony for the defense will be presented.

WASHINGTON, Nov. 15.—When the trial of Mrs. Bradley was resumed today it was apparent that the prosecution would complete its testimony and the attorneys for the defense were prepared to present their side of the case as speedily as possible.

When court adjourned yesterday District Attorney Baker and his assistants were engaged in an effort to obtain from the members of the police force the details of the confession said to have been made by Mrs. Bradley immediately after her arrest on the charge of shooting former Senator Brown, but up to that time Mr. Hoover had successfully opposed this purpose because, she claimed it was made under the false assumption on Mrs. Bradley's part that what she said would not be used against her.

The District Attorney was not specially persistent in pressing the point, and early today was quite inclined to drop it altogether.

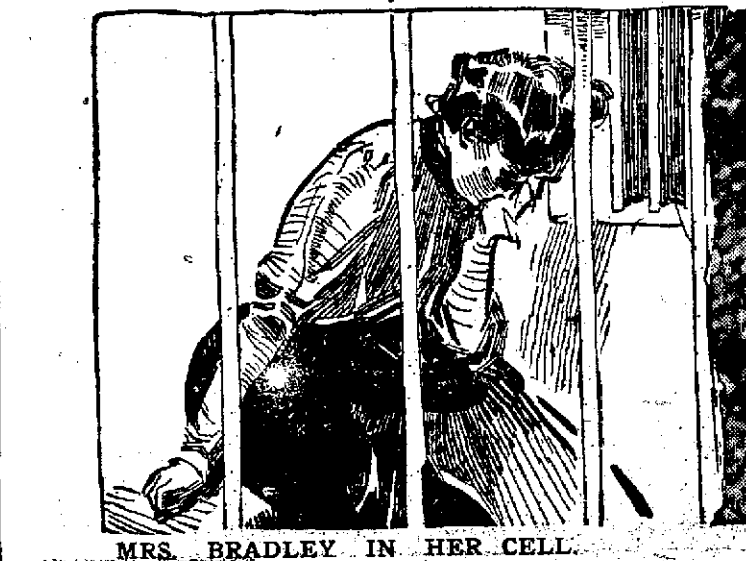

**THE WOMAN'S THREATS.**

The only remaining feature of his direct presentation of the case is that relating to threats, which, it is claimed Mrs. Bradley had made against Mr.

## FINANCIAL OUTLOOK BRIGHT

Since the financial stringency began in New York there has been no time when the situation was so hopeful as it is today, and it is steadily improving.

President Roosevelt has stepped to the front to lend his aid to restore normal conditions by favoring in his forthcoming message the authorization by congress of an issue of emergency currency based on assets, and other measures of relief.

The earnest appeal made by Secretary of the Treasury Cortelyou in his speech before the Merchants' Association of New York last night to those who have been hoarding their money to return it to the banks, and to bankers and merchants to reduce their exactions to actual business necessities, is having the most beneficial effect, and hoarded money is coming out of hiding.

New York is getting out of the woods, as is shown by the fact that the retreating of clearing house certificates has already begun.

Everything points to an early restoration of strictly normal financial conditions.

## DEAD BANKER'S FINANCES IN GOOD SHAPE

Friends of C. T. Barney Say Alleged Suicide Was Not Ruined.

NEW YORK, Nov. 15.—Though Charles T. Barney, former president of the Knickerbocker Trust Company, whose sudden death from a gunshot wound started his friends and the financial world generally, has been declared a suicide by the coroner, according to Dr. George A. Dixon, the family physician, one of the first doctors to be summoned, Barney's last words to him were, "Doctor, this was accidental."

Dr. O'Hanlon, the coroner's assistant, who afterward extracted the bullet, also holds the opinion that Barney did not kill himself intentionally. "It seems to me practically impossible," he said, "that a man should kill himself in such a way. Judging from Barney's characteristics, his physique and his determination, I

## Second Attempt Made By an Unknown Jap

### Girl Badly Cut by a Knife.

ALAMEDA, Nov. 15.—While walking along Broadway this morning at 2 o'clock, Miss Nellie Manning, a pretty girl, 18 years old, who is employed as night cashier in an Oakland restaurant, was attacked by an unknown man, believed to be a Japanese.

The man jumped from behind a tree and struck her in the face, cutting the cheek on the cheek bone and causing blood to flow.

Continuing his attack, the Japanese hit her a number of times. Her screams awakened residents in the neighborhood, and the noise of opening windows frightened the Japanese, who ran along Broadway to Emchal avenue and disappeared.

Policeman Charles Keys was on the scene a few minutes after the attack, but could find no trace of the man.

Miss Manning had alighted from the last train at the Park street station on the Lincoln avenue line, and was walking toward her home at No. 2 Pease avenue. When she reached Chester street on Broadway, the man sprang and struck her a stinging blow in the face. She screamed and fought back, trying to strike the man. He continued his attack and struck her a number of times about the head and body. A number of men answered her screams, and after learning she had been attacked,

searched for the unknown man. He could not be found, however.

## PRESIDENT ROOSEVELT HAS NARROW ESCAPE

### Platform Collapses Just Before Chief Executive Reaches It to Make a Speech.

WASHINGTON, Nov. 15.—A temporary platform in the vestibule of Andrew Rankin Chapel at Howard University, where President Roosevelt is to speak, this afternoon gave way at about 2 o'clock and about fifty persons were precipitated about ten feet, many receiving slight injuries and one student of the University having his leg broken. Several of the injured were taken to Freeman's hospital close by. The fire department was called out and for some time considerable confusion prevailed. The accident occurred before President Roosevelt reached the chapel.

## GOLD FLOWS TO SAN FRANCISCO

### Sub-Treasury Is Expecting Large Sums of Coin.

SAN FRANCISCO, Nov. 15.—Clearing House certificates for \$2 will be issued tomorrow to the amount of \$200,000. It is thought that no more will be needed, but if necessary the issue will be enlarged.

Local bankers say that gold is beginning to flow into the city. The sub-treasury had only received \$15,000 for one local bank from New York at 10 o'clock this morning but Thomas F. Burns, the assistant sub-treasurer, said that a great deal more would come before the day is over. California Safe Deposit & Trust Company is not yet ready to issue the statement of its condition, which was expected today.

## CALEB POWERS IN COURT ILL

### Day Consumed in Effort to Get Jury of Special Venire.

GEORGETOWN, Ky., Nov. 15.—The trial of Caleb Powers was largely consumed in the work of empanelling a jury from the special venire summoned from Harrison county, which arrived here this morning in charge of a deputy sheriff.

Powers was quite ill last night and the services of a physician were necessary. He has been suffering from illness for the last ten days and excitement and work preparing for his trial are doubtless responsible for his breakdown. He came into court promptly but looked pale and weak. Many ladies attended court today for the first time since the trial began.

## Russian Warships Destroyed by Fire

ST. PETERSBURG, Nov. 15.—A fire of unknown origin at the Baltic shipbuilding yards today destroyed two gunboats and damaged several other vessels.

**WEATHER REPORT.**

SAN FRANCISCO, Nov. 15.—San Francisco and vicinity, Sacramento and San Joaquin valleys, Fair to night and Saturday; light north wind.

## Day Laborer Is Left Vast Sum by Aunt

LUDINGTON, Mich., Nov. 15.—John C. Jeans, a day laborer, has been bequeathed \$1,000,000 by an aunt, Anna T. Jeans, of Philadelphia.

**Marconi Wireless Station Burned**

NANTUCKET, Nov. 15.—The Marconi wireless station at Siasconset was destroyed by fire today.

## 8 Killed

### EXPLOSION; 25 INJURED

Dwelling House Is Torn to Pieces by Natural Gas.

PITTSBURG, Nov. 15.—About twenty-five persons were injured today, two fatally, and a dwelling house was torn to pieces when an explosion of natural gas occurred in a house located at 103 Elm street, this city. In the fire which followed two women were severely burned.

The family injured:

Mrs. Sarah Grossman, blown through the roof.

Jacob Bergman, blown through the roof.

Seriously injured:

Three members of the Grossman family.

Three members of the Merdel family, which also occupied the house.

Eber Bolner, a guest of the Grossmans.

About fourteen other persons in the neighborhood received injuries when windows in their homes were shattered by the concussion as plaster fell upon them. Apparently gas had been leaking from

## EXPRESS TRAIN COLLIDES WITH LIGHT ENGINE

### Many More Were Hurt; Both Engineers Meet Death.

SAULT STE MARIE, Nov. 15.—Eight people are reported killed in a wreck on the Canadian Pacific railroad at Chalk River last night. Express No. 8, which left here at noon yesterday, is reported to have crashed into a light engine which was running with dead ends. The cars and locomotive were derailed. Among those reported killed are:

ENGINEER JOSEPH HENDRICK, North Bay.

ENGINEER JOSEPH YOUNG, North Bay.

Firemen of both locomotives, names

## TAYLOR'S AUTO IS WRECKED

### Struck by Car and Woman Hurt Shortly After the Mayor Left.

SAN FRANCISCO, Nov. 15.—A half hour after Mayor Taylor stepped from his automobile at the Fairmont Hotel last evening, the machine was totally wrecked in a collision with a Mission street car at the intersection of Thirteenth street, and Mrs. Eva Grimmer, of 30 Kesling, who was riding with her husband, was severely injured.

**CAR STRIKES AUTO.**

It was at 7 o'clock last evening that Chauffeur Baldwin left the city's executive at the Fairmont. It is supposed that he then called for Mr. and Mrs. Grimmer, who are supposed to be friends of his, and that the party started out for a tour. When Thirteenth and Mission streets were reached car 1850, the Mission Folk and Larkin line, which was coming rapidly down the street, collided with the machine and Mrs. Grimmer was thrown violently to the street.

## START FIRES TO LOOT CITY

### Burglars Are Active While Four Incendiary Blazes Are Raging.

ENID, Okla., Nov. 15.—Four incendiary fires between 12:30 and 1:30 this morning destroyed \$50,000 worth of property near the center of the city. Among the buildings burned were the Salvation Army barracks. In this building several women and children barely escaped with their lives. Fireman Jack Walton was struck by a live wire and his recovery is doubtful.

One suspect has been arrested. During the night, a number of burglaries took place in the residence section.

## MAID ADMITS MURDERING MISTRESS WITH HATCHET

### Police Force the Confession From Negress Caught With Silk Garments of Dead Mrs. Carter.

NEW YORK, Nov. 15.—Wearing a silk undershirt and other clothes of her dead mistress, Clara Barrow, a negro girl about 18 years old, was today placed under arrest and confessed to having murdered Mrs. Bessie Carter at the latter's residence in the French quarter last night.

The girl, who had long been employed as a maid at Mrs. Carter's, was the first to give the alarm; and was suspected by the police soon after they began investigating. When put through a hard-sweetening process she broke down and acknowledged that it was she who had inflicted with a hatchet the ghastly wounds in Mrs. Carter's chest and head.

## DYNAMITE STOLEN! BANKERS WARNED!

Thieves broke into the powder house of the Standard Oil Company at Richmond last night and stole forty sticks of dynamite, seventy-five feet of fuse and half a box of caps. The police have issued warnings to all the local merchants and financial companies to keep a special watch over their safes.

# Look This Store Squarely In The Face

That sounds odd, but if it be advisable to look an individual "squarely in the face," why not a store? This store likes to be looked over and looked through in the most critical manner. It has nothing to hide but everything to reveal and display. It means what it says—every word of it. A child can shop in it as safely as an experienced shopper. It is always a good place in which to buy but just now on account of the hundreds of extra holiday lines it offers unusual opportunities for satisfaction.

Look this store squarely in the face, note each of its many features; we shall like each other better for the closer acquaintance.

## Furs of the Right kind

To obtain fur satisfaction it is not enough to begin at the counter. The careful work must begin with the undressed skin. The pelts must be properly prepared, so that the fur will retain its natural color and will not fall out. The finished skins must be matched right, cut right and made right. This is the process through which all furs pass before you find them in this store.

A well selected, satisfactory display of this season's new styles in scarves, four-in-hands, collarettes and stoles, also muffs to match in the following popular furs:

Siberian Mink, Japanese Mink, American Mink, Ermine, Lynx, Gray Wolf, Blue Wolf, Fox, Gray Fox, Marten, Sable Squirrel, Natural Squirrel, Opossum, French Coney and Baltic Seal.

## Tailored Suits \$15

Our workrooms are still crowded with fit-  
ting and alteration work, and in order to give  
our many tailoresses a chance to "catch up"  
with their work, we have made this special  
price concession with a distinct understanding  
that we cannot make alterations on these suits.  
You will notice that the margin between the  
regular prices and the special prices allow  
ample for home fitting.

In this lot of suits are 27 and 36 inch broad-  
cloth suits, 27 inch Prince Chaps, 24 inch  
Military Suits and 27 inch Cheviots.

## One of the evidences of good taste is a Silk Petticoat

And one of the evidences of  
good judgment is the selection  
of one of the guaranteed S. H.  
& M. Silk Petticoats that have  
come in Winter's newest styles  
and shades.

There's a difference between  
these petticoats and other makes.  
Only the best of silk taffeta is  
used in the making and the man-  
ufacturers have such implicit  
faith in their product that they at-  
tach a contract to each petticoat,  
guaranteeing it to withstand three  
months of ordinary wear. If a  
crack or split should appear, we  
supply you with a new petticoat.

This season's S. H. & M. Petti-  
coats have come in twenty-five of  
the newest shades and colors,  
plain and changeable, black and  
white.

be clothed but they must be  
dressed. The dressing of  
children has long been one of  
our special studies. The  
children's and misses' coats  
that we are displaying for  
Winter wear are the best  
that could be secured—if  
we could find any better  
they would be here. There  
are plain and trimmed coats for children  
and misses up to 14 years. Plaids, checks, mixtures  
and plain colors in a multitude of different styles  
—all well made, well finished and good values  
at their respective prices.

## SAY WOUNDED MEN ARE THUGS

Police Believe Pedestrian Held  
Up Used Gun With Good  
Effect.

The police believe that a thorough in-  
vestigation of the mysterious shooting  
affray at the corner of First and Web-  
ster streets last evening will show that  
the two principals, Charles Hubbard and  
Harry Boyle, who are so reluctant to di-  
vulge any of the circumstances sur-  
rounding the affair, were engaged in an  
attempt to rob some pedestrian, who shot  
both of them in self-protection.  
While the detectives are working to  
substantiate this theory Boyle will be  
held in the city prison. Hubbard, who  
was shot through the elbow, is still at  
the hospital, and it is probable that he  
will have to have his arm amputated, as

the wound proved to be much more serious  
than was at first supposed.

### REFUSED TO TALK.

One with a bullet wound in the hand  
and the other with a shattered arm, the  
two men went to the Receiving Hospital  
at 8 o'clock last evening and asked to  
have their wounds dressed. When ques-  
tioned both seemed frightened and re-  
fused to talk. Later one of the men told  
the police that his name was Harry  
Boyle, and that his companion's name  
was Hubbard.

Boyle says that he and Hubbard met  
a man at the foot of Webster street who  
offered to sell them a revolver. In ex-  
hibiting the gun it was accidentally dis-  
charged by the stranger, inflicting the  
wounds. The stranger, whose name  
Boyle does not know, immediately dis-  
appeared.

The sidewalk in front of Sullivan's sal-  
oon at First and Webster streets was  
spattered with blood, but both the pro-  
prietor and the bartender deny any  
knowledge of the shooting. Altogether  
the lack of information possessed by  
those connected with the affair is of such  
a nature that the police feel sure the  
true explanation is being concealed.

Boyle, the man held at the city prison,  
has but one leg, and a search of his room  
disclosed the fact that he is accustomed

### "CHECKERS" TO CONCLUDE AND MINSTRELS TO OPEN

There are to be but three more per-  
formances of "Checkers" at the Macdon-  
ough Theater, tonight, tomorrow afternoon  
and tomorrow night. This delightful ra-  
cing comedy-drama has been pleasing  
audience all week. Commencing with  
Sunday matinee William H. West's big  
Jubilee Minstrels will begin an engage-  
ment of three performances. One of the  
chief fun-furnishers is George Van, a  
comedian whose versatility and real sense  
of good humor has made him a pronoun-  
ced favorite. Seats are now ready.

### WRITS CAN BE ISSUED ON LEGAL HOLIDAYS

A. Lawrence filed suit this morning in  
Judge Geary's court against Frank Miller  
for goods and merchandise alleged to have  
been delivered to Miller in the sum of  
\$130.

Judge Geary issued the writ of attach-  
ment today, alleging that the justices of  
the peace may issue writs during the pe-  
riod of legal holidays the same as on ju-  
dicial days, as the issuance of writs is a

BERKELEY, Nov. 15.—Marshal Verner was notified this morning to be on the watch for Louis Gimblin, former of this city, wanted for forgery. The matter was reported by H. Peyser of 12 Shattuck avenue, who holds a forged check drawn upon the Bank of Alameda County for the sum of \$10. Peyser stated that he gave Gimblin cash for the check while in his employ.

**Dr. Wheeler and His Mission.**

President Benjamin Ide Wheeler of the University of California has gone on one of his periodical pilgrimages to the East. Congress will assemble in three weeks, and it is Dr. Wheeler's habit to gravitate to Washington on the eve of each Congressional session. Ostensibly he has journeyed to the Atlantic seaboard to attend a gathering of pedagogues, but the telegraph is sure to announce his appearance at the White House. The customary hints will be thrown out that he is giving the President pointers for his forthcoming message, and is whispering into the Presidential ear the "inside dope" regarding California politics and California politicians.

If Mr. Roosevelt takes the tip correctly he will be convinced that only about half the men in this State are to be trusted; and that one of these runs college as a profession and regulates public affairs as a duty. Just how strong Dr. Wheeler's influence with the President really is can only be conjectured, but if the familiars of the University president are to be believed the Federal executive consults Dr. Wheeler on all important matters, and takes from him the last word regarding California. By them it is assumed that the messages sent to Congress from the White House are largely a reflection of the views of Dr. Wheeler.

According to this view, Dr. Wheeler is not so much the President's deputy for California as the President is Dr. Wheeler's deputy for the nation. But, perhaps, this is an exaggeration, and allows Mr. Roosevelt less credit than he is really entitled to.

At times Dr. Wheeler is disposed to decline responsibility for the acts of President Roosevelt, although in general giving them his approval, as, for instance, the Presidential utterances regarding the Japanese and the schools. Dr. Wheeler took occasion to inform the public that he disclaimed all responsibility for the President's language and position, which, of course, was a great relief to Dr. Wheeler's circle of admirers out here. Dr. Wheeler is known to regard the entire Congressional delegation from this State as a bad lot, and the Governor as little better than a highwayman. Hence it is not improbable that he will advise the President to order the whole gang retired and a new set elected, headed by Frank J. Heney and George C. Pardee or Rudolph Spreckels. If a fall guy is necessary he is likely to suggest the ex-Governor for the part. Heney and Spreckels will furnish the sand and sugar, and the doctor's grievance will keep him in line and vocally active. Still nobody can tell precisely what Dr. Wheeler will whisper when he gets the President behind the arras and in a receptive mood.

It will only cost the State \$36 a day and a little expense money to have Dr. Wheeler run over to Washington and keep the President and the nation straight. It is dirt cheap at the price, and ought to make everybody happy. Indeed, it suggests that the old legend, "In God we trust," which the President banished from American coins, be restored in this amended form—"In Wheeler we trust." That might not entirely satisfy the preachers, but it would be no sacrilege in the President's eye, and in the opinion of Professor Gayley would only be a deserved recognition of the great worth and eminent services of the president of the University of California.

**Profit From One-Time Waste.**

Twenty years ago or so cotton seed was treated as a waste product by the planters of the South, and it perplexed them how to get rid of it, the volume was so large. Only a small proportion of the crop could be consumed as fuel. Millions of tons had to be destroyed annually to prevent it encumbering the land. Then came the happy thought to some inventive genius that the oil which it contained might be extracted and commercially used. Suitable presses were manufactured for the purpose, and cotton seed suddenly became a valuable by-product of the plantations. Its value was subsequently enhanced by the discovery that the waste from the presses, after the extraction of the oil, made good feed for cattle.

Thus what had been previously treated as a waste product of the cotton plantation, costly and difficult to dispose of before and after its separation from the boll, suddenly loomed up as an important source of revenue to the planter. Since then important industries have sprung into being based on the crop of cotton seed. Among the more recent uses made of the latter is to manufacture it into flour. It made its formal appearance this year at Dallas, Texas, as bread, cakes, doughnuts, pies, tarts, crullers, biscuits, brown bread, muffins and pancakes, in the manufacture of which it had been incorporated with wheat flour.

The great value of cotton seed in its raw state at present is shown by recent reports sent out from Galveston regarding this year's Texas crop. It is now selling at the rate of \$21.50 per ton against \$12 per ton, the price it brought in the market last year. For the first time in the history of cotton seed harvesting, the demand now exceeds the supply, heavy storms in the cotton producing States east of the Mississippi river having damaged the seed there to the extent of unfitting it for refining, and Texas has become the chief source of supply for the cotton seed oil manufacturers. Last year Texas produced over two million tons of cotton seed, for which the planters obtained approximately \$24,000,000. This year there has been a shortage in the cotton crop and a corresponding reduction in the volume of the seed. It is estimated that the latter will amount to 1,600,000 tons this year or 400,000 tons less than the crop of 1906; but the planters figure on getting \$15,000,000 for it, or \$11,000,000 more than they did last year. What with extraordinary high prices for cotton and equally high returns for the seed, the Texas planters are surely on velvet this year.

When the humorist takes possession of a situation once serious, it is a dead sure proposition that the danger line has been safely crossed, and that the funny side of the incident is in evidence and being appreciated. This is what is happening to the late financial ripple. One gag reads: "A big suspension today in New York—Brooklyn Bridge." Another: "The Singer building is going up"; another, "The subway is in a hole"; another, "Your wad of clearing house certificates grows less and grows bigger as you pass down the line from the bank and pay off your small debts." Next.

**East Oakland Public Improvements.**

The property-owners of East Oakland have become fully awake to the importance of the industrial developments which have taken place in that section of the city within the past two or three years and which are still progressing with unabated activity. They have, therefore, started a movement to acquire better street and light facilities and fire protection for the industrial district which covers the territory lying between the eastern shore of the north arm of the estuary and the eastern boundary line of the city.

There are already established within this area several groups of manufacturers of the greatest importance, in which several millions of dollars have been invested and which give steady employment to many hundreds of skilled workers. Plans are being prepared for the establishment in the same district of other industries which involve the investment of many more millions of capital and the employment of a good many additional hundreds of mechanics and skilled operators. It is the only section of the southern water front from the entrance of the harbor which contains unoccupied territory inviting the establishment of new industrials. Every foot of the water frontage west of the north arm of the estuary is being either now utilized by commerce and industrials or is in process of being put in order for service by them.

The Greater Oakland Improvement Association is fully justified in reaching out for all attainable public improvements to accommodate this new field of industry. It wants better roadways and more street extensions to reach it. It requires better street lighting and enlarged municipal facilities for the protection of the buildings and the valuable machinery contained in them against fire. The recent growth of this important industrial field is inducing other manufacturing interests to seek locations in its unoccupied area, adding materially to the value of neighboring property, increasing the productive population and creating a steady demand for new dwellings in which the operatives of the group of industries may be comfortably housed. It is thus, prospectively, swelling the city's revenues, so that whatever outlay the municipality may have to make in order to meet the wants of the territory occupied by these important commercial and manufacturing establishments, the principal is sure to be returned to it in the course of a few years with perpetual interest following.

## PRESIDENT'S MESSAGE TO CONGRESS TO FAVOR EMERGENCY TAXABLE CURRENCY

Document Is Now Almost Ready and Will Touch on Many  
Important Issues, Including Amendment to Sherman  
Anti-Trust Law.

WASHINGTON, Nov. 15.—President Roosevelt has about got his message to Congress ready, and persons who have had friendly chats with him recently say that he has very freely discussed with them topics which he will, without doubt, treat of in that important State document.

**TAXABLE CURRENCY.** The recent financial disturbances were given attention and will be used to point his belief in emergency taxable currency should be authorized, based on assets. The President will advocate Federal license for all interstate corporations with aggregate business exceeding certain limits. It will be urged that the power of the Interstate Commerce Commission be extended to supervision of stock and bond issues.

**AMEND TRUST LAW.** Amendment of the Sherman anti-trust law is favored, so as to forbid such combinations in restraint of trade only as shall be pronounced unreasonable by the courts. A graduated inheritance tax will be advocated and the postal savings bank will get a good word, also the establishment of a more effective public health service, if not a new department of public health. ## FOUND DYING ON SIDEWALK

**Labor Leader Falls Down  
a Stairway and Is  
Killed.**

SAN FRANCISCO, Nov. 15.—R. W. Martin, a carpenter, living at the Ocean Shore house at Seventh and Market streets, was discovered in a dying condition at the foot of the basement stairs in a building at the corner of Rose avenue and Market street at 2:30 this morning by C. M. Hershey of the Hotel St. Francis.

An ambulance was summoned, but the man was dead before it arrived and the body was later removed to the morgue. The man had evidently pitched head foremost down the stairs, as he lay with his feet pointing toward the street. His skull was badly fractured and his nose was split in two by the force of the fall. An only twenty-five cents in money was found on Martin's person, the police at first inclined to the theory that he had been robbed and then pushed down the stairs by footpads, but they now believe it was an accidental death.

Martin was about fifty years old, and a stockholder in the California Co-operative Meat Company of Oakland, as well as a prominent member of the local building trades council.

## HOARDED MONEY RETURNED TO BANKS WOULD END DEPRESSION, SAYS CORTELYOU

Declares That the Financial Storm Is Now Almost at An End

NEW YORK, Nov. 15.—Bringing a message of congratulation and good will from President Roosevelt, George B. Cortelyou, secretary of the treasury, was the principal speaker at a reception given today by the Merchants' Association of New York in celebration of its tenth anniversary.

Referring to the financial situation Secretary Cortelyou declared that the weak places had been strengthened. He expressed the belief that if the hoarded money were put back to fulfill its function in the channels of trade there would be an immediate and almost complete resumption of business operations.

Among other things Secretary Cortelyou said:

### COMMISSION FROM ROOSEVELT.

"I am commissioned to deliver to you a message of hearty congratulations and best wishes, coupled with a renewed assurance of appreciation of your co-operation in many matters of public moment. That message is from the President of the United States.

"We have learned some things by trying experience recently. Among other things we have learned what it means to stand steady in times of storm and stress. We have learned, too, more fully perhaps than heretofore, the value of credit in the business world and have had brought home to us anew the fact that it is a most delicate part of a most delicate mechanism. We have learned again the value of co-operation.

### FUNDS NEEDED FOR CROPS.

"If any man has been guilty of a violation of trust that makes him amenable to law we may feel confident that its processes will be invoked in the interest of the public.

"Now that the financial storm appears to be subsiding we should turn our attention more and more to the relief of

the country at large. In the South and West and on the Pacific Coast and in other sections there are heavy demands on all available funds for the movement of the crops, for the continuance of other mercantile undertakings, and what we must not for a moment forget, for the employment of labor."

"One of the most gratifying incidents of our recent trouble has been the prompt and patriotic response of many of our great labor organizations to the appeal of employers for their co-operation. This co-operation, in most cases, initiated by them should be availed everywhere by employers and should be generously recognized as a distinct step toward a better understanding between employer and employee.

### BURDEN SHARED BY ALL.

"It is a time when every citizen should assume his share of the burden. The hoarding of the money, the exaction of unnecessary harsh requirements in business dealings, retard our return to normal conditions.

"The hoarded money should be put back in the banks and the exactions of bankers and merchants should be proportioned to actual business necessities. To do otherwise is not only unpatriotic, but unwise.

### HOARDED MONEY NEEDED.

"I believe that if this money of the country, wherever hoarded, were at once put back to fulfill its functions in the channels of trade, there would be within twenty-four hours an almost complete resumption of business operations.

"The various plans advocated for currency reform must be subjected to rigid scrutiny, to the end that the citizens of every section shall be fairly treated, their needs and requirements consulted and above all that whatever action is finally taken it shall be sound and wholesome as to enhance our commercial standing among the nations of the world.

### NEED CO-OPERATION.

"We should have more co-operation in business, whether among the banks or among mercantile establishments, and their undertakings, each to operate in its field, controlled or regulated by law to

the extent that will fully safeguard the interests of the people, and that far only so devised that each be ready at all times to unite with others, when danger threatens, for the protection of credit, for the stability of business and for the maintenance of national honor.

"The country now has deposited in various States and Territories two hundred and twenty-six or two hundred and twenty-seven million dollars. For six weeks there were deposited large sums in various sections of the country. I hope that among the benefits we may derive is an appreciation of the relation of every section and every city to every other section and every other city and it might result in future unity, co-operation and greater national spirit."

John W. Griggs, former Attorney-General, was among the speakers.

## MRS ROMADKA SENT TO JAIL

Wealthy Woman Sentenced  
After Eleven Minute  
Trial.

CHICAGO, Nov. 15.—After a trial, which lasted only eleven minutes, Mrs. Evelyn Romadka, the wealthy Milwaukee woman, who was indicted for various burglaries and larcenies in this city, was sentenced today by Judge Brentano to imprisonment in the penitentiary for the indeterminate term of from one to ten years.

Early in the day Attorney John F. Donovan, of Milwaukee, counsel for Mrs. Romadka, announced his intention of applying to Judge Brentano for a lunacy commission to examine the prisoner. This was not done, because of a disagreement regarding the proper method of defense, and Donovan in court expressed a desire to retire from the case. Permission to do this was refused by the court.

**CRIES "RAILROADING."** Attorney S. C. Herrin then addressed the court, declaring that Mrs. Romadka was being railroaded to prison for the purpose of protecting other people who preferred to see her in the penitentiary rather than in an asylum.

## QUASH YARD LIMIT PROTEST

Railroad Committee Says Companies Treat Shippers Fairly and Complaint Unfounded.

After hearing a report from Wilbur Walker, secretary of the Merchants' Exchange, the railroad committee of the City Council last night decided to quash the protest against the yard limits of the Southern Pacific Company in this city.

Secretary Walker said I find that there is no truth in the charge I have interviewed all of the shippers affected by the freight switches and they have all told me that they are fairly treated by both companies. The Southern Pacific Company switches Santa Fe cars as far as Stockton or some other Junction point where they are diverted to the Santa Fe tracks. The Southern Pacific charges freight only as far as it carries the cars. There is no responsible party behind this, a point which appears to be designed to attack the railroad company. It seems to me to work a great injustice.

## CLUB'S PLANS ARE FAVORED

Finance Committee Indorses Measure for \$400 for Boulevard Land at Club's Request.

The first official step toward the extending of the boulevard southward from the Twelfth street dam to Clinton street and the improving of the property east of the Lake Merritt channel was taken last night, when the auditing and finance committee of the city council recommended the passage of a resolution appropriating \$400 for the purchase of a piece of land at the corner of Third avenue and East Ninth street.

The land which is 30x100 feet is the property of E. C. and M. L. Bunnell. A written option was obtained by the Clinton Club and the Bunnells have agreed to sell the property for \$500 in cash. The option expired today and for that reason the members of the Clinton Club took the matter before the finance committee of the council last night.

The committee immediately agreed to recommend the passage of a resolution appropriating \$400 for the purchase of the property. The remaining \$100 will be donated by the Clinton Club.

John E. Sanford, president of the Clinton Club and Earl Bingham, chairman of the boulevard committee of the same organization, appeared before the finance committee and explained the reasons for the purchasing of the property immediately.

Maps were produced showing the plans of the Clinton Club for the extending of the boulevard and improving the property east of the Lake Merritt channel, south of the Twelfth street dam to the Eighth street bridge. There are several small pieces of property which the council will be asked to purchase to accomplish the plans for beautifying this district.

The property which the committee recommended to be purchased will form a part of the boulevard extension. The members of the committee stated that they believed the plans of the Clinton Club to be excellent ones and pledged their support to the extension of the boulevard.

Mayor Mott was present at the session of the committee and also expressed himself as being in favor of the improving of the east side of the channel and the extending of the boulevard. Further action will be taken in the near future.

## MORE VALUABLE THAN MONEY

Oakland Nov 11 1907  
Editor THE TRIBUNE—I have been an interested reader of your paper for some time and have been more than pleased in reading in your columns the various letters from Oakland merchants in reference to our city of which we are all proud doing something immediately towards the construction of a municipal garbage remanitory.

While conditions exist as they are at present we cannot afford to delay this matter. There is a strategic position in the present method of dumping this refuse in the open spaces about the city especially so when we see what is being done in the vicinity of Lake Merritt and the boulevard. The most beautiful spots in Oakland must not become foul heaps of disease breeding germs and this is what must eventually happen if present conditions continue. By all means the City Council should take up this matter at once. The health of the city is threatened and the fair name of Oakland is besmirched and our suburbanism is held up to the country at large simply because we are so backward in affairs of so vital importance. Yours truly,  
F. W. LAUBER

Oakland Lodge Commoners of Amel at next Saturday evening November 16 at Odd Fellows Hall Eleventh and Franklin streets for a social after the regular lodge meeting. Several of the Oakland and San Francisco Commoners will take part in the entertainment arranged by the social committee.

**RESTRICT STORAGE OF HAY IN CERTAIN LIMITS**  
The fire and water committee of the City Council last night recommended an ordinance making it unlawful for any person to have or keep for sale more than twenty tons of hay straw or any combustible material in any building or on any lot within the following boundaries: From Fourth and Castro to Castro and Twenty second streets thence easterly to a point on Lake Merritt 200 feet north of Twentieth street, thence along the side line of the lake to the line of Fourth street and then back on Fourth street to the commencement point. It was recommended that hydrants be placed at Hixley and Hopkins street Stevens and Hopkins streets and Eighteenth avenue and East Twelfth street.

## DR. KNOWLTON'S DANDERINE

Grew Miss Carroll's Hair AND WE CAN PROVE IT

Beautiful Hair At Small Cost.

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

**Dr. Knowlton's DANDERINE**

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

# GIRL IS ATTACKED

(Continued From Page 1.)

As was taken to a house at the corner of Broadway and Canal avenue, where her wounds were dressed. She was nervous and unstrung and was helped to her home two blocks away by two men.

Along her left cheek, slightly above the cheek bone, is a gash over an inch in length, the result of the blow. Her face is discolored in many places where she was struck by the man. This morning the young woman is confined to her home and a physician is in attendance.

Mrs. Manning, the girl's mother, said this morning her daughter could not distinctly tell all the details of the assault. She stated the nature of the wound on the left cheek led to the belief that the man had used a knife in his cowardly attack. The police have been at work on the case all day, but have made no headway. Miss Manning is positive it was a Japanese who attacked her and this is the only clue on which they have to work.

## A Daily Verse From Chancellor Day's Book "The Raid on Prosperity"

"The poor man owes more to the corporations than to any other commercial force for his opportunity to work at good wages, or to work at all for that matter. Let those who hate corporations go back to the canal boat, the little railway, the stage coach, and a dollar a day for wage. Think this over good people—read it, then sit down and do some thinking. Take clothes for instance. You wouldn't go back to the days of your forefathers and wear homespun from the cloth woven on the housewife's spinning wheel. Modern clothes are high-art clothes. ## THE MEANING OF TWO WORDS

Candy and Confections—Candy is not the word we want to use when we mention our purty products. Candy sounds like a striped stick of sweetness that a child loves to lick. Confections is the name for the pure products which we pack in boxes and then take great pride in putting this name on them.

**SECOND ASSAULT.**  
It developed this afternoon that the attack and intended assault of this morning is the second the young woman has suffered at the hands of the Japanese in the past month. About four weeks ago she was accosted by the man, but ran away from him and eluded him though he chased her for a block. At that time he addressed vile remarks to her and declared he "would get her yet."

This morning when she was attacked she recognized him immediately. During the time they struggled on the sidewalk the only remark he made was "D—n you, I've got you now."

The young woman is positive she could identify the man should she see him. She is anxious to see the police to make every effort to capture the Japanese.

PLAINLY AN ASSAULT.

Neither the girl nor the police can ascribe any reason for the attack other than an attempt at assault. The police believe that the Japanese, knowing the custom of the young girl to reach her home about 2 o'clock in the morning, chose the darkened street for his attempt. The young woman has been employed by the Japanese for several months. She came to this city on the last train.

After the attack of four weeks ago the girl's mother met her at the train for a number of mornings, but because of sickness was unable to meet her this morning. Miss Manning cannot recall at her home as the physician in attendance states the nervous shock to her system is too great.

and taken home in another machine. Alfred Miller, the motorman, was arrested and booked at the city prison on the charge of battery.

Mayor Taylor, when seen this morning, expressed entire ignorance as to who was in the machine at the time of the accident, saying that all that he had heard was that there had been a collision.

Inquiry at the home of Mrs. Crines this morning revealed the fact that she was getting along nicely, although still suffering from several contusions and a bad shaking up.

## EXPLOSION; 25 INJURED

(Continued From Page 1.)

The kitchen stove all night. Early today when a match was struck in the lower portion of the house to light the stove there was a terrific explosion. The house was torn to pieces. The roof was blown high into the air, and the front and rear of the dwelling collapsed. Mrs. Grossman and Jacob Bergerman, a boarder, apparently received the full force of the explosion, both being blown from their beds through the roof. They were fatally injured by the subsequent fall and fire.

Other members of the families which occupied the house were thrown from bed by the concussion and severely injured. Mr. Grossman, who struck a match, escaped with a severe but not fatal injury. Occupants in adjoining houses were injured and for a time the entire neighborhood was panic-stricken. The monetary loss is about \$5000.

## PLAN TO TEST NEW ESTATE MONEY LAW

In order to test a law enacted at the last session of the legislature requiring the public administrators to deposit money obtained from estates where there were no legal heirs with the county treasury, a test case will be instituted soon in this county. A conference was held yesterday between District Attorney Everett J. Brown, assistant District Attorney W. H. L. Hynes, County Treasurer M. J. Kelly, Attorneys Charles S. Snook, George W. Reed and Percy G. Black and this step was decided upon.

At the present time Public Administrator George Gray deposits the money from these estates in a local savings bank.

## THE NEW LAW, requiring that he turn the money over to the county treasurer, has not yet been enforced and before this can be done it is necessary to make a test case. The majority of State laws are tested by taking a case to the Supreme Court and the present is considered a good time to sift the matter to the bottom.

## FIND BATHROBE; OWNER MISSING

Garment Left on Seashore by  
Excited Bather Points to  
Tragedy.

(Special to The Tribune.)  
SAN FRANCISCO, Nov. 15.—The finding of a checked bathrobe on the ocean beach by Mrs. W. W. Campbell of 1129 Forty-eighth avenue yesterday, may reveal a tragedy which is thus far enveloped in considerable mystery. Mrs. Campbell lives where she can see the beach and every morning at 6:30 for the past week, a man has gone down to the water and taken a dip in the sea. He has been wrapped in the robe found today. Mrs. Campbell says that he did not give the appearance of a man who had just come for an early morning plunge, but appeared excited and acted peculiarly.

**APPEARS AS USUAL.**  
Yesterday morning he appeared as usual and she paid little attention to him at first, but looking out of the window later she was surprised to see that he had disappeared. Later on in the day she found the robe lying on the sand. She immediately reported the matter to Policeman Harrington and an investigation is in progress. It is thought that the unknown contemplated suicide, but was probably too much afraid to carry out his intention and each morning put it off for a day longer. The man is described as 5 feet 4 inches in height, of slender build and wearing a light mustache.

## VICIOUS DOG'S TEETH TEAR YOUNG LAD'S FACE

Joseph Boto, a 14-year-old newsboy who lives at 735 Filbert street, was badly bitten at an early hour this morning by a coach dog belonging to the People's Express Company. The boy was on the wharf at the foot of Broadway and, wishing to go up town, jumped into a People's Express wagon. He began petting the dog upon the seat with the driver and, without warning, the canine jumped at him, burying his teeth in young Boto's face. The driver tore the animal away, but not before the boy was bleeding from two lacerated wounds on his lower lip and a deep wound on the nose.

The wagon hurried the boy to the emergency hospital.

## MAYOR TAYLOR DECLARES HE'LL USE EVERY EFFORT TO CRUSH OUT CITIZENS' ALLIANCE

S. F. Executive, in Defense of Unions, Cries Against Class Hatred

SAN FRANCISCO, Nov. 15.—Mayor Taylor has taken a firm stand against the Citizens' Alliance, which is said to have been re-organized since his election with Andrew Carrigan as president. The mayor declared he would use every effort to crush the movement, and expressed his disgust over the rebirth of the Citizens' Alliance.

"This movement would make me out a liar," said the mayor, "if I did not use every effort to crush it before it gathers headway. Throughout my time in office and during the entire campaign I have said and reiterated my intention of using my uttermost effort to bring about the industrial welfare of this city through the maintenance of industrial peace.

### TO BE FAIR WITH LABOR

"Labor voted for me and my administration because it thought that I intended to play fair with it. Labor can rest assured that I do intend to play fair with it. I shall deal with the law breaker in this city, no matter of what walk of life he may be. I have no more sympathy with the law breaking stevedore or drayman than I have with the law breaking merchant or money lender. Don't mistake me. I have been put in office to enforce the law of the city and that law I shall enforce.

"The gentlemen who organized the Citizens' Alliance must have thought that I lied to the people when I said, during the recent campaign, that I was no class mayor, but that I stood for the people. We have won a great victory for good in this city, but I want to say right here that this victory will be of no avail unless we are wise—wise, not with the wisdom of selfishness, but with the wisdom which overrides personal ends and aims, throws out personal desires and strives for the general good. Unless we are that wise we will have strife where we so deeply desire peace—industrial war where we need industrial quiet.

### MEN MUST STAND TOGETHER.

"We must realize the spirit of man is much the same no matter under what kind of a coat it may be. The trouble has been that employer and employee have been looking at the question in a purely material way, even as the Citizens' Alliance is looking at it. One hears talk of going into the labor market, as though living men and women were so much meat or sugar, and it sickens me. On the other hand one hears talk of long wages and short hours, the speakers ignoring the debt they owe to themselves, their city and their generation. We must reach a common ground, some moral ground on which men can take their stand together.

"There are hostile camps in San Francisco. They must be turned into peaceful camps. I have seen a circular advocating the

recrudescence of the Citizens' Alliance. If the Citizens' Alliance wants trouble it can get it. All the power that my office confers upon me I shall use in crushing it out. I have said that I wanted to devote my time to the upbuilding of the city, but I shall let time take care of that if need be and give all the energy I have to stamping out the spirit of class hatred that will, unless checked, be the downfall of San Francisco.

### LABOR UNIONS HERE TO STAY.

"The unions cannot be crushed in that manner—nor, for the matter of that, can they be crushed in any way. They are here for good and must be treated fairly. Their object is good, laudable and just, and I shall stand by the pledges I made to the union men of the city. The union man is not a devil with horns and hoofs, but a man, mostly a good man, and he'll get the treatment of any other good man will receive under the present administration.

"Already signs show what the ultimate outcome of any such movement will be. The stevedores have resented the action of the alliance. I trust that nothing will come of it. I feel sure that the men on both sides will have the good sense to realize that the welfare of San Francisco depends largely on the course of conduct which employer and employee adopt now."

## FEARS LOVER AND HIS GUN

Elmhurst Woman Says Aged  
Romeo Will Kill Her Unless  
She Weds Him.

District Attorney Brown is seriously considering placing Charles Hickby under bonds to keep the peace. Mrs. James Lynch of Elmhurst appealed to Brown yesterday to protect her from Hickby, who she claims, has been threatening her life with a revolver if she does not marry him. She asks that Hickby be disarmed and kept at a distance. Mrs. Lynch is a comely matron of 23 and conducts a boarding house in Elmhurst at which Hickby, who is janitor at the headquarters of the Building Trades Council, stops. She claims that Hickby, who is 38 years old, flourished a revolver in her face a few days ago and threatened her life if she did not go with him to the County Clerk's office for a marriage license.

## ESCAPES AUTO; ENGINE KILLS

Aged Pedestrian Crushed to  
Death by Seventh Street  
Local While Crossing  
Street.

John Dorchant, 68 years old, was fatally injured yesterday afternoon by a Seventh-street local train at the Fifth street crossing, while attempting to avoid an automobile. He sustained a fracture of the skull which resulted in his death shortly after his arrival at the Receiving Hospital. Spectators say that the auto was going at a rapid rate of speed. Dorchant saw the machine and evidently believing that he had time to cross the tracks before the train passed walked between the rails and was crushed by the engine. Dorchant had \$1750 in the German Savings Bank. A note for \$250 and another note which was unsigned for \$2500 was found among his effects. He was an inmate of the Alms House in San Francisco for a time. Jacob Baolin of 1767 Seventh street is a nephew of the dead man.

## BABY DRINKS WHISKY, DIES

MARTINEZ, Nov. 15.—The 2½-year-old son of Mr. and Mrs. A. Bellabini died yesterday as the result of drinking whisky. The mother had been ill during the night and her husband had given her some whisky, leaving the bottle on a chair. The child got hold of it and drank quite a quantity while his parents slept.

## WOMAN'S HOME ROBBED OF SATCHEL WITH \$65

SAN FRANCISCO, Nov. 15.—While Mrs. E. E. Langdon, who lives at the corner of Point Lobos and Presidio avenues, was absent from her home for a short time yesterday afternoon a thief, evidently familiar with the premises, entered her room and got away with a satchel containing \$65 in coin. Mrs. Langdon suspects some one in the neighborhood who knew she had the money in the house and the police expect to land the thief today.

## RAILROAD MAN ENDS HIS LIFE

Valentine Herr Shoots Himself  
Through Brain While in Despondent Mood.

MARTINEZ, Nov. 15.—Valentine Herr, for many years a trackwalker for the Southern Pacific Company between Rodeo and Pinole, committed suicide Tuesday morning. He attached a wire to the trigger of his gun and fired a bullet into his head. He was not married. Herr killed himself while in a despondent mood. E. Lombardi, who came to this country from Italy only a few months ago, is wanted here on a charge of having robbed a friend of his of \$165. The suspect is believed to be in San Francisco.

## FOOLED BY MAN WEARING SKIRTS

(Special to The Tribune.)  
SAN FRANCISCO, Nov. 15.—Judge Cabanis put the ban on masquerading in female attire this morning when he forbade Charles Harrington, who acts the part of a female impersonator on a stage in a Pacific street resort, from stepping down from behind the footlights for even the brief space of one moment.

Harrington was observed by Sergeant Lane of the Central Police Station on November 12 sitting at a table with two sailors, who told the officer that they firmly believed they had been talking to a pretty young woman. Lane immediately arrested Harrington and charged him with masquerading in female attire. When the case was called in Judge Cabanis' court this morning Harrington explained he was a female impersonator and said he had just stepped into the audience for a few moments.

**GIVES WARNING.**  
"Be let you go this time," said the court, "but I warn you that in future you must confine yourself strictly to the footlights, and if you step down but for the brief space of a moment and you are returned to me here it will go hard with you."

Harrington promised that the judge would not have cause to regret his decision, and smilingly left the courtroom. The young man has a woman's voice and extremely effeminate appearance, and it was doubtless easy for him to beguile the hardy mariners who frequent the Barbary Coast into thinking that he was indeed the pretty young woman that he seemed.

## FIXES REQUIREMENTS FOR IDEAL SANATORIUM

WASHINGTON, Nov. 15.—Surgeon General Rixey of the Navy has reached the conclusion that the ideal location for a tuberculosis sanatorium should meet the following requirements: Altitude from 2000 to 6000 feet; a maximum amount of dryness and temperature conditions without great extremes, but with variability rather than equability.

"My child was burned terribly about the face, neck and chest," applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep. —Mrs. Nancy M. Hanson, Hamburg, N. Y.

## WANT WAR VESSELS TO FORM NUCLEUS OF NAVY

VICTORIA, B. C., Nov. 15.—The Canadian government has been requested by the Navy League to ask the Imperial government for two cruisers and four destroyers, to be stationed at Esquimaux, thus providing a training school. The cruisers and destroyers are expected to form the nucleus for a Canadian navy and would be the first step made by the Dominion towards providing for its own protection.

## DISCOVERY OF NOAH'S DIARY

Relic Swindlers in Michigan  
Claim That They Have  
Found Ancient Relic.

DETROIT, Mich., Nov. 15.—An alleged copy of Noah's diary, engraved upon a copper tablet dug up in Michigan and offered for sale to a Wisconsin collector, has resulted in uncovering one of the cleverest relic swindlers of recent years. Michigan copper formed the basis of the enterprise, which consisted in manufacturing ancient relics out of copper, painting them green to represent verdant

girls, dipping them in corrosive acid, and burying them in mounds, after which they were dug up by relic hunting expeditions under the leadership of the promoters.

**INDIAN RELICS.**  
The affidavits of prominent citizens that they had seen the relics dug out of the ground were sufficient to secure their sale to credulous collectors. Indian copper implements, battle axes of least copper, well-tempered spearheads, and other supposed rare and anciently corroded relics that have been treasured in Michigan and outside museums are declared to be bogus.

The swindlers went so far as to dig up in the presence of reputable witnesses bronze tablets inscribed with hieroglyphics and symbols of the Biblical deluge and the tower of Babel.

The diary of Noah was offered to a wealthy man of Wisconsin, who asked the advice of a museum curator as to accepting it. This man had had considerable experience with fakes, and warned the relic patron to beware. Whether the relic finally was sold cannot be learned.

## YOUNG METCALF IN A DILEMMA

Must Have Official Permission of  
Father as Secretary of Navy  
Before He Can Wed Marie  
Butters.

WASHINGTON, D. C., Nov. 15.—Ensign Metcalf, son of the secretary of the navy, is in a dilemma. He is engaged to marry Miss Marie Butters, but is unable to do so until he has the official permission of his father, who is a lieutenant in the navy. The young man is a hard-headed, determined fellow, and is not likely to be court-martialed and dismissed.

When Ensign Metcalf talks matrimony with his father the boss of the navy al-

ways has it understood whether he is being addressed as secretary of the department or head of the family. The father of this young man, Mr. Metcalf, is willing to say "God bless you; go ahead," but as secretary of the department, with the interest of the navy at heart, and the established rule that ensigns are a bit underpaid to sail matrimonial seas, the secretary says, "No, young man, you had better wait till you are at least a lieutenant."

Then as the young man's father, he is in a position to sympathize with him and tell him what a hard-headed department officer it really is when it compels a young officer to wait till he is a lieutenant.

Young Victor Metcalf has been engaged to Miss Butters for about one year, most of which time his fiancée has been abroad while the young ensign has sailed the seas in the cruiser Charleston, now at Magdalena Bay. Miss Butters is the daughter of Mrs. Henry C. Butters of Alameda, and is one of the well-known girls of Oakland's younger set. During her residence abroad she purchased many beautiful things which are to be part of her trousseau. The young people have planned to be married in the spring and preparations for the event are well ahead. Young Metcalf will not be a lieutenant for two years.

## MORE POLICE FOR FRUITVALE

Sheriff Says He Will Deputize  
Officers if District Will  
Pay for Them.

Owing to the numerous depredations that have taken place in Fruitvale the last few months, better police protection is being talked of by the residents of that town. It is present time there is but one nightwatchman to cover the territory, which is about one square mile. When Sheriff Frank Barnett, who says that Fruitvale has given him more trouble since he has been in office than any other section of the county, was seen today, he said: "I will pay for a special policeman or several special policemen, if the district will pay for them."

will gladly deputize the men. If they want to establish a patrol system I am heartily in favor of it. I think the men should be mounted because of the space that has to be covered. For a suburb Fruitvale has many wealthy people, more wealthy people, perhaps, than any other unincorporated district in the county.

**COVER MUCH GROUND.**  
These policemen will be expected to cover a district that runs from Twenty-sixth avenue east to San Leandro, and from the bay on the south to Contra Costa county line on the north. The constables cannot be expected to cover this large section of territory. Those men have to wait on the justice courts and are doing duty all day long. It isn't fair to expect them to work nights. The Board of Supervisors cannot, under the law of the State, provide for the pay of either deputy sheriffs or constables. I think it would be a good plan to give Fruitvale better protection.

**SAYS HE STOLE PIPE.**  
H. Burghmeister was arrested this morning on the charge of stealing a meerschaum pipe from Frank Howard's cigar store, at 451 Twelfth street. The pipe was recovered by Detective McSorley.

## BOARD OF STEWARDS DENY M'LAUGHLIN REINSTATEMENT

### Owner of Marshal Ney Fails to Conciliate the Judges at Emeryville--Fisher in Good Favor Again.

BY LEE DEMIER

The board of stewards met yesterday morning and denied reinstatement to Owner J. C. McLaughlin and Trainer Ross Jockey Fisher who was given a ticket of leave by the judges last season was reinstated on condition that he ride for the stable of E. Dunn only.

Well filled and decidedly open fields made up the program at Williams Park yesterday and as a result several long shots came home in front and the talent had a tough time guessing the winners. The closing race was the only one on the card with any pretense to class and in this even five half sprinters faced the tape at Emeryville. In this some of the long-priced winners were well supported the bookies quit the day ahead of the game and right there were all the money made up for the losses sustained by the bettors.

The sport opened with a sprint for two-year-olds which resulted in a surprise when Husky, a Royal Flush colt from the Sierra Nevada Stable, quoted at 10 to 1, breezed by his field in the stretch and won by the best part of a length. Lockett was second and there all the way and stood a hard drive. Sir Wesley with a stronger ride would have been close up.

Burning Bush had the speed in the second race which was a sprint for three-year-olds but it was Guy Burns masterly finish which won for the son of Lord Dairmont. At the wire Chiquito played for a good thing, was much the better horse and with a stronger ride would have made good. But he ran a nice race and dropped into the show better next time.

Jimmy Coffey's bay colt Elmado was right on edge and made his field look cheap in the third which was a split of the second. Burns took his mount to the front early in the running and held his field safe throughout. Altogether the favorite had a rough trip but made up a world of good in the stretch and got up in time to outpace Rose Cherry for the place.

Tobe Ramsey's old gelding Orchan came to life yesterday and in a "nip and tuck" finish of five overcame his opponent in the fourth. In time to get the place in a pocket all the way and had to be a good horse to win. Progress the choice of the evening and the favorite, the rank outsider at the odds of 100 to 1, came very near upsetting a real favorite. The "uplighter" mare was among the tail riders all the way round the circle until the turn for the home stretch when she got up to get the show in a few more jumps and would have upset the gray in style.

Bert's A had things pretty much her way in the fifth and after the pacesetter checked it up won as she pleased. John Gravis held Purse Rose safe for the place.

In the closing race Nazam came on when ready and won handily. Mechan third after setting pace but being out long enough to beat out Phalanx for the show.

A miscellaneous card is presented to racetracks today comprising three selling two condition and one handicap races. The first, a mile affair has many new entries for public attention, some of them from prominent sables and may result in a surprise. The selling event have most of the usual "charms" being composed of most of the excellent sables and the fourth and sixth races are unexceptionally "classy" and on that account will be well worth witnessing.

Bookmaker E. L. Soule is playing them from the ground in the bunch of tickets when Progress met defeat. Stella A stopped to pin up her skirts.

Seven Bells failed to tell. The Spokane push headed by Harry Green tore the netting to get the top price on nothing. They got the price.

After spending a few days at Santa Clara, Racetrack and Bookmaker George Rose made his appearance at the track yesterday. He reports that everything will be in readiness for the opening of Santa Anita Park on Thanksgiving Day.

Tom Ramsey did not think that Orchan had a chance to beat Progress. The king of the juries said he did not have even a 50 cent house certificate on the big horse.

Miss May Belch was weakly ridden. Mell hung on like a bull dog but that was all. THE TRIBUNE'S selections led them all yesterday.

Big Bob Har is of W. H. Carey fame won a nice bet on Nazam. Gill Curry also tore up a ticket on Saint Modar. Cheer up Gill the game is young yet.

Orchan's selling price was boosted from \$400 to \$600. Tobe Ramsey bid the usual fine and the horse was knocked down to him.

Got this week's copy of Racing and The Graphic.

Jack Crane went down the line on the chances of Bill Myers.

The field on the horse is handling a bunch of the 51 certificates.

Bookmaker John Humphrey is meeting the field on the horse. He will be on hand at the next cut in.

Dr. Coleman forgot his pills. Walter Jennings won his first race with Nazam.

Zick Abrams scared a bunch of blue certificates on his namesake Zick Abrams.

The win of Burning Bush burnt up the ring.

The New York crowd headed by R. F. Carman went down the line on Lockett. Husky had to spoil the gray for the New Yorkers.

Henry McDaniel who has been training the eastern stable of L. A. Cella this season will train for R. L. Thomas at Arcadia this winter.

California Will Have Turf Field

BERKELEY Nov. 15.—At least the hopes of a turf field for the University of California football field has been realized and in future the warriors of the Blue and Gold will not be handicapped by having to practice on an adobe field and the most St. Francis on a turf field.

The executive committee has decided to turf Cal's field and great enthusiasm is felt among the squad as a result of this decision.

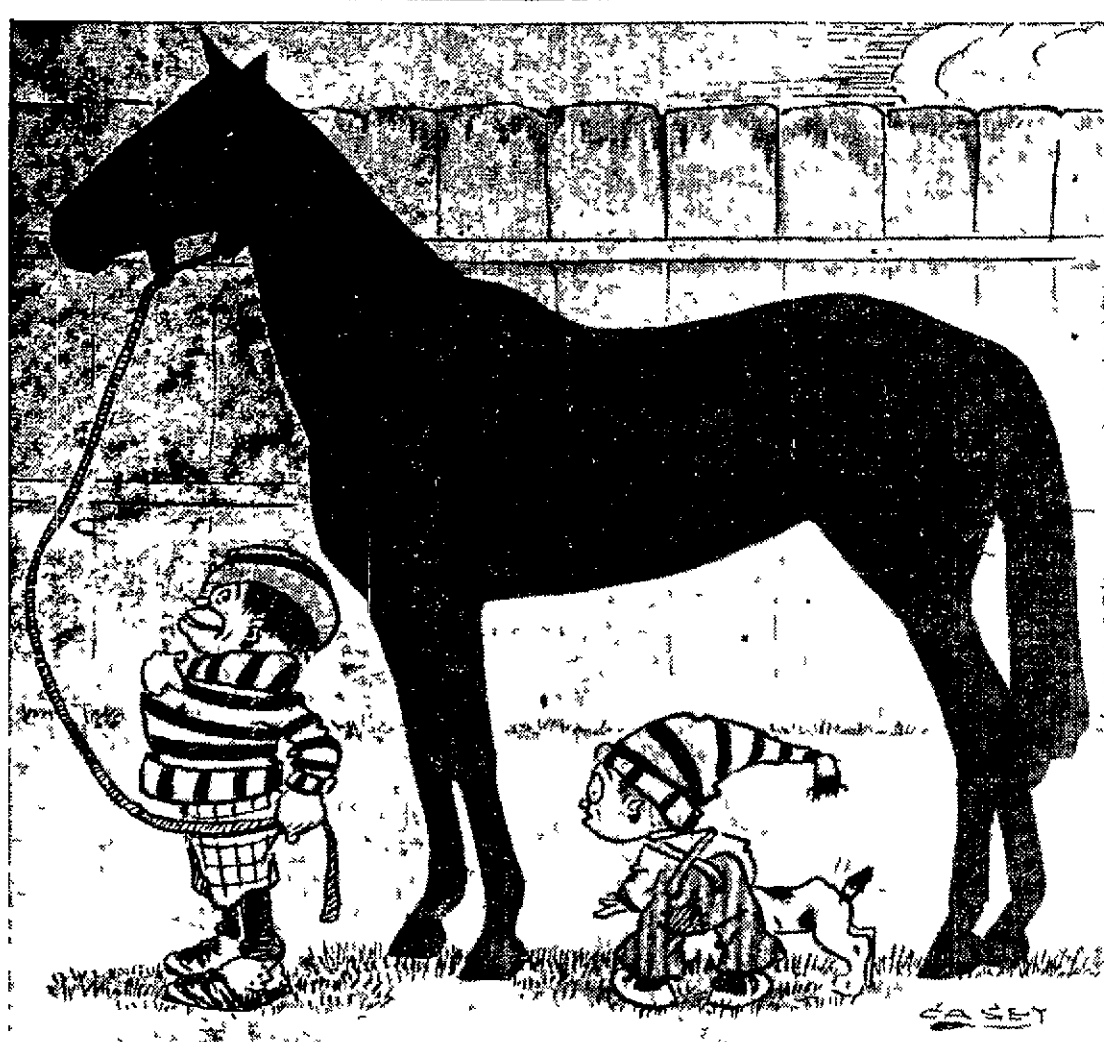

The Cal's were awarded to Barnhart, Foster, Spenson, Driggs, Johnson, Glascock and Renouf.

## Stoutenberg Meets Bignami Tonight

SAN FRANCISCO, Nov. 15.—The final skating race of the series between Wilfred Stoutenberg and Bignami, the Oakland crack, will take place at the Coliseum rink tonight.

Each boy has won one heat and tonight's race will decide which is eligible to meet Waldstein in a match for the championship of the Coast.

Both boys have worked faithfully for tonight's race and each one is confident of the outcome.

WITH THE OBSERVER.

W HAT terrible Nemesis marked our morning into this morning's sphere. We now not but it is certain that we are loomed to write sport think sport talk sport and probably have our end in sport. Hanged in sport maybe.

We hope so. Anyhow we get sport for breakfast and dine with sport and have our being mostly in sport which we are willing to tell you when it becomes a business in a grinding taskmaster. Stay plus like is this sport business. Some time back we thought that if baseball ever ended we might move to a better sphere and read Emerson and browse with Browning and revel with Byron and flee with Milton out of it all. Yesterday we had more than an unusual pleasant being for an odd hour. We even heard of a gentleman named Ferguson whom we were quite assured was a literary wonder whose sagacious would make our hair curl with thought. That was a brief and we will admit the pleasantest hour of our being has known for two months past.

But once some excellent cottish poet we think it was Robert Burns. If Scotland ever had a poet by that name wrote a deal about the plans of nice and men going away.

AFTER hearing of this Ferguson we had our mind if such a thing still lingered with us set fully on finding out what Mr. Ferguson thought of it all. Then we met a gentleman of unusual attainments in a learned profession. We were going to quiz him about Ferguson and talk wise about Ferguson just the same as if Ferguson had been playing third base these ten years for New York. But no this learned gentleman beat us to it.

What of California University he asked us? Why don't they win? This very excellent gentleman and a learned and competent one as we can personally testify would have us give him the very reason why California cannot beat Stanford at football.

At the time we were so much interested in turning the prospect of devouring Ferguson soul and all in our mind that we couldn't even venture a guess why California could not beat Stanford.

But later in the day when we came out rather indicated a night with the Yen shoe bowl rather than any flirtation with the Muse.

## THOMAS-KETCHEL MATCH IS AT LAST A CERTAINTY

### Owen Moran and Sparring Partners--Poor Billy Squires Again Heard From--Gans vs. Tillman Good Match.

By EDDIE SMITH

Jack Gleason last night succeeded in signing up Thomas and Ketchel for a twenty round bout to be held December 12. Jack has been after the match and permit from the supervisors that would allow him to stage it for the past few months. In fact he has been after this attraction for a long time. He has fought their memorable battle in the past.

The men agreed to a contest for a percent of the gate receipts this to be split between the fighters as follows: Sixty percent to the winner at fifteen percent in the event of a draw. The two men will select the man who will be the winner.

Ketchel will like to back to the mountains for a time but he is at the moment of the mountains and he is at the moment of the mountains.

The contest will be a real one and no one to the previous battles between the pair being a thrilling one. The referee question which is the only thing of importance connected with the contest that has not been attended to will go over until December 12. At the time we will select the man who will be the winner.

Ketchel will like to back to the mountains for a time but he is at the moment of the mountains and he is at the moment of the mountains.

The only thing the senator says that is right is the danger from amputation of the races. He says if he had a laugh at a would rather see her head than married to a colored man. Well that goes for me too. If I had a daughter I would like to see her married to a white man. Other than this statement his remarks could all be smashed in a debate.

Senator Tillman and Gans would make a good card for the opening night at Colman. What percentage will you offer?

# DUCHESS VISITS ELLIS ISLAND

Consuelo of Marlborough In-  
spects Immigrant Station  
With Friends.

NEW YORK, Nov. 15.—Consuelo, Duch-  
ess of Marlborough, who recently visited  
the Tombs, has now inspected the immi-  
grant station at Ellis Island. She was ac-  
companied by Mr. and Mrs. Clarence  
Mackay. Immigration Commissioner  
Robert Watchorn and Assistant Commis-  
sioner Murray showed the party about.  
ACT AS IMMIGRANTS.  
The Duchess and her friends assumed  
the role of immigrants for the time be-  
ing and thus obtained an insight into the  
workings of the immigrant station which  
they might otherwise not have gained.  
They went through all the departments  
and saw all there was to be seen. Occa-  
sionally, when they came across a family  
of foreigners which particularly appealed  
to them, the two women would give its  
members coin.

# SAMPLE THE FOOD.

When the party reached the lunch  
counter, in the railroad room, where boxes  
containing Bologna sausage, two sand-  
wiches, four pieces of pie, two apples  
and a chunk of bread, are sold, the Duch-  
ess and Mrs. Mackay decided to sample  
the food.

# California Will Name Captain Soon

BERKELEY, Nov. 15.—The selection  
of next season's captain for the Califor-  
nia varsity team becomes every day  
a more common topic of conversation  
with the students. At the present time  
the choice seems to lie among Cert,  
Solomon and Dudman.  
Great interest is taken in the chances  
of each of this trio, and no matter which  
one is the choice he will be a popular  
one.

# KLAW & ERLANGER TO DROP VAUDEVILLE

CHICAGO, Nov. 15.—The exit of Klaw  
and Erlanger from the vaudeville field  
of theatrical production now is a matter of  
days. The change will come in a fort-  
night, the public announcement will be  
made within two days. One of the terms  
of agreement, it is understood, is that  
there shall be no engagement in the leg-  
itimate field by Klaw and Erlanger or their  
associates, Keith and Proctor of New  
York. Forey G. Williams and William  
Hammerstein, who are something like  
200 vaudeville artists, mostly stars, whose  
contracts with Klaw and Erlanger do not  
expire until February but it is believed  
that they will be looked after by the  
Players' United Booking office of Ameri-  
can and the Western Vaudeville Managers.  
The outstanding contracts represent, it  
is asserted, something like  
\$1,000,000.  
That Klaw and Erlanger were well paid  
for withdrawing seems to be the general  
impression among theatrical people and  
the sum has been placed as high as \$1-  
000,000 and even \$2,000,000.

# FATHER'S CLAIM THAT CHILDREN'S WILL IS BOGUS

MARTIN DE QUADROS, Mary Josephine  
Peterson and Julia Bartlett filed a peti-  
tion in the County Clerk's office yester-  
day to revoke an order recently made, ad-  
mitting the will of their father, Mateias  
de Quadros, to probate.  
It is claimed that the petitioners that the  
will filed by John Silva and his wife,  
Isabel R. Silva, is spurious. The plaintiffs  
state that De Quadros died intestate and  
that John Silva and his wife took ad-  
vantage of the enfeebled condition of  
the deceased and secured his signature to the  
alleged false will.  
The will, which has been offered for  
probate, leaves one-half of the estate,  
valued at \$2500, to Mrs. Silva. The re-  
mainder is left to the plaintiffs.

# RAILROADS OBJECT TO NEW MAIL REGULATIONS

CHICAGO, Nov. 15.—The railroads of  
the country are protesting against an or-  
der of the postoffice department requiring  
them to handle empty mail equipment in  
the mail cars from November 15 to De-  
cember 20. This trouble arises over the  
refusal of the government to include em-  
pty mail bags, blank postal cards, and  
stamped envelopes in the mail during  
the recent weighing period. This re-  
duced the total amount of mail matter  
twenty-five per cent, and as the roads  
are paid on a basis of weight it resulted  
in a loss to them of between \$10,000,000  
and \$15,000,000. The action was in ac-  
cordance with the new law, providing that  
this empty equipment, as it is called,  
shall be sent by freight. For this trans-  
portation \$250,000 was appropriated.

Finance Committee of City Coun-  
cil Recommends That \$5000  
be Set Aside for Plans.

That the Board of Public Works should  
proceed with the procuring of a full re-  
port on the harbor improvement situation  
was the decision of the auditing and  
finance committee of the City Council  
last night, and a resolution was recom-  
mended that the City Council be asked  
to expend \$5000, if necessary, for the pre-  
paring of this report, which is to em-  
brace plans, specifications, legal status  
and estimated cost of the proposed con-  
struction of wharves and docks along  
Oakland's water front.

Consideration of the matter came up  
before the committee when Councilman  
Jackson's proposed ordinance, providing  
for the appointment of a civil engineer  
and the expenditure of \$5000 for the pre-  
paring of the plans, specifications and  
estimate of cost, was read.

# MAYOR FAVORS PLAN.

Mayor Mott addressed the committee,  
and stated that in his opinion the Board  
of Public Works should be authorized  
to procure the necessary information  
about the improvement of the harbor and  
that the Council should agree to pay the  
cost of obtaining this data. Councilman  
Ellsworth then made a motion that the  
Works board be allowed to employ an en-  
gineer and other assistance to carry out  
the ideas advanced by the wharves and  
water front committee and that the  
Council stand ready to pay the expenses,  
not to exceed \$5000.

The Mayor explained that in this way  
it would not be necessary to expend the  
entire \$5000, but only what was needed.  
Councilman Aldrich backed the Mayor  
and told how soon the information would  
be forthcoming.

"We have taken it up already," said  
the Mayor, "but I will make no prom-  
ises as to when it will be ready. We will  
take our time and make the report thor-  
ough."

Councilman Jackson said he had been  
waiting for five months to obtain some  
information from the City Engineer in  
regard to the matter, but this far had  
not been successful. He urged that the  
Works board proceed rapidly, as did  
Councilman Burns.

# High Schools Play Football Tomorrow

Tomorrow will be a big day in  
preparatory school football for the  
Berkeley High school and the Lick  
eleven are both expected to play at Alameda.  
The Belmont Military Academy will  
meet the Harvard Military Academy  
boys at "Lanford field."  
The game at Alameda will be the  
final of the pre-school games here-  
abouts, and will decide which team is  
the one that will meet the Woodland  
eleven.  
Last year Lick figured in the final  
game for the championship with the  
team from Contra Costa, and lost a  
close game, 4 to 0. This year Wood-  
land takes Contra Costa's place in the  
schedule.  
Berkeley has played a wonderful  
game of football this season and the  
team is confident that it will win from  
Lick tomorrow.  
The Harvard Academy team, which  
plays the Belmont preparatory school ag-  
ainst one of the best teams in the South. It has beaten  
all the crack teams in its part of the  
country, except the Los Angeles High  
school team, which it is expected to  
beat. Great interest centers in the match  
between Lick and Berkeley and a  
large gathering is expected out to see  
these boys play. The game will be  
called at 2:30. The line up:

# Walter Stanton to Meet Pat O'Keefe

NEW YORK, Nov. 15.—Walter Stan-  
ton, the California middleweight, who has  
been coming to the fore in recent  
O'Keefe has been matched to meet  
Pat O'Keefe, champion middleweight of  
Ireland and England, before the Mary-  
land Athletic club next Wednesday night.  
The pair are to box in three rounds.  
Stanton meets Billy Papke at the  
Mary Athletic club in Boston next Mon-  
day night.

# Marines Win Football Game

VALLEJO, Nov. 15.—The football  
team from the Mare Island marine  
barracks defeated the team from the  
Yorktown here yesterday by a score  
of 12 to 0. A large crowd saw the  
contest, and many marines were  
on hand to cheer their team to victory.

# NOTED MEXICAN LAWYER DIES.

SAN ANTONIO, Tex., Nov. 15.—Pablo  
Martinez del Rio, probably the most  
prominent lawyer of Mexico, died here  
last night of heart disease. He was a  
visitor at the San Antonio international  
fair. He was a warm personal friend and  
prominent supporter of President Diaz,  
whose confidence he held.

# Billy Papke Wins From Tony Caponi

PEORIA, Ill., Nov. 15.—Billy Papke,  
the Springfield, Mo., lightweight, here  
last night in a battle that was short  
and full of action. Tony Caponi, like  
himself during the round and a half  
that they were at it.

While the two were breaking from a  
clinch Papke landed a mighty right  
round Papke let drive an uppercut that  
lured the referee's jaw, and the latter  
rested on Caponi's jaw, and the latter  
lured forward again, and was counted  
out.

This lad Papke has been doing some  
clever fighting and in line of some of  
the big matches in the near future.

# Greggains Gives Boxing Exhibit

SAN FRANCISCO, Nov. 15.—Alec Gregg-  
ains, who is a member of the boxing  
team at the San Francisco Ath-  
letic club on Golden Gate avenue, last  
night gave a boxing exhibit at the  
all the bouts. Fred Hawkes and M. Kelly  
were the judges. Results:  
Joe Parfiah in three rounds (decision).  
Spider Roach beat Tex Rickard in three  
rounds (decision).  
15-pound class—Ed Bennett beat A.  
Taffig in four rounds (decision).  
13-pound class—John Gerlach beat  
M. Southerman in three rounds (dec-  
ision).  
15-pound class—John Echem beat  
Otto Schultz in one round (knockout).  
13-pound class—John Gerlach beat Joe  
McGuire on a foul in the third round.

# Berkeley Girls To Play Lowell

BERKELEY, Nov. 15.—The girls' bas-  
ketball team of the Berkeley High  
School has challenged the basketball  
team of the Lowell High School of San  
Francisco. If the schools come to an  
agreement a game will be played Nov-  
ember 30.

# ENQUIRER BUYS OAKLAND HERALD

Interests and Plant of Local  
Evening Paper, Owned by  
Syndicate, Are Ab-  
sorbed.

Announcement has been made that the  
Oakland Enquirer, of which G. B. Daniel  
is president, has been acquired by the  
Enquirer Syndicate, which is now work-  
ing at the Polytechnic High School in this city.  
Just to add a little more "pepper" into  
the game a side bet of \$250 will be op-  
erated for. It is expected that Jimmy  
Eidt will be secured to umpire. Re-  
freshments will be served at the grounds.  
No admission.

All Cahills—Pitcher, J. Davis; catcher,  
W. Sleep; first base, F. Peterson; second  
base, B. Minster; third base, O. Harris;  
shortstop, A. Cahill; left field, Con Elmer;  
center field, Willie Blute; right field,  
Pete Smith; sub field, Otto Eysenberger.  
Scouts—Pitcher, Harold Bird; catcher,  
J. Dahl; pitcher, B. Sperry; first base,  
Thompson; second base, Weldon I.  
Bankhead; third base, Tony Bridgman;  
shortstop, Tony Fitzpatrick; left field,  
D. Aneman; center field, Lorence Mc-  
Carthy; right field, W. Kampen; sub, An-  
ton Schuch; umpire, Jimmy Britton.  
Score, Samuel Lass.

The Enquirer has been established as  
a daily for twenty-one years. President  
Daniel owns two-thirds of the stock,  
and the majority of the remaining stock  
is owned by D. Edward Collins, presi-  
dent of the California Bank.

# Frankie Smith to Meet George Leahy

By securing a draw with Tommy McCarthy  
the other evening Frankie Smith of San Fran-  
cisco has placed himself in the front ranks  
of the amateurs appearing about the bay.  
Smith is billed to meet George Leahy at  
the Polytechnic High School tomorrow evening  
in the semi-final of the show and judging  
from the fast fights of these two lads  
it is sure to be a whirling affair. Smith  
is training at the San Francisco Club and  
is being carefully watched by the dopesters of  
the night.

Leahy is also a lad that should be watched.  
His fight with McCarthy was a decided  
draw. Leahy is a very somewhat heavier than  
himself. Leahy has not eleven fights in all  
and has yet to meet the best of the amateurs  
of the bay.

That the main event between Tut Reddon and  
Bob Emmet is a good drawing card can be  
reasoned from the fact that the match has  
resulted from the fact that Reddon is giving himself  
a careful preparation for this bout as he is  
perfectly fit to win the prize money and  
the title of champion of the bay.

Reddon and Emmet have agreed to meet  
at the Polytechnic High School. This will be  
an incentive to make them fight all the harder.  
Jimmy Barry, a newcomer to this city, is to  
meet Russ Kane in the opening bout.

# Railroad Men Play Ball Here Sunday

Saturday afternoon at Freeman's  
Park the Southern Pacific baseball team  
will cross bats with the Columbia Park  
Club of the same league.  
Sunday morning at the same grounds  
the Olympic Club of San Francisco will  
cross bats with the Transportation Club and Olympic  
Club cross bats Saturday afternoon at  
East Shore Park, Stege.  
All of the above games will no doubt  
be closely contested and the mid-winter  
season is made up from the best amate-  
ur teams in the city, and considerable  
rivalry exists as to the winning of the  
handsome trophy that is being displayed.  
The rosters will be in force at both  
the Saturday and Sunday morning  
games and a large crowd is expected.

# Cyclone Kelly to Fight Hal Chester

The Palm Athletic Club of 4630 San  
Bruno avenue, in San Francisco, will have  
its boxing night on Friday. A fair card  
is drawn for decision.  
Cyclone Kelly, who fought a whale  
with his own throat cut, for an hour  
and a half, will be matched with  
Harry Chester for twenty rounds. Jack  
Dawkins is to fight Danny Williams in  
fifteen rounds.

# Captain A. H. Hardy Makes New Record

INCLON, Nov. 15.—  
• World's record was established  
yesterday by Captain A. H.  
Hardy, when he hit 999 mar-  
bles out of a possible 1000. The mar-  
bles were 7-8 inches in diameter,  
and were thrown at the regular  
distance. The previous best  
known record was made by  
Adolph Toppensberger, who hit  
988 marbles out of a possible 1000.

# Will Play Benefit Game of Baseball

Next Sunday morning at 10 o'clock, on  
the grounds at Twentieth and Poplar  
streets, the crack Scrubs, a team com-  
posed of some of the best amateurs in  
this part of the country, will play the All  
Cahills, a team considered to be the best  
in the State. This team is managed by  
Albert Cahill, formerly a major league  
star, but who is now working at the  
Polytechnic High School in this city.  
Just to add a little more "pepper" into  
the game a side bet of \$250 will be op-  
erated for. It is expected that Jimmy  
Eidt will be secured to umpire. Re-  
freshments will be served at the grounds.

# DR. TOM WAI TONG

619 Clay St., Oakland, Cal.  
Dear Sir: After having  
suffered from a nervous  
debility for several  
months without being able  
to get any relief, I was  
advised to consult Dr. Tom  
Wai Tong. He gave me a  
course of treatment and the  
result was that I was able  
to do my work and feel  
after four weeks' treat-  
ment. I therefore recom-  
mend him as a skilful phy-

## THE AMERICANS ARE INCREASING MEMBERSHIP

The American, a fraternal insurance order, is making rapid strides in membership not only in Oakland, Berkeley, Alameda, San Francisco and other bay cities of California, but has extended into several other States of the Union. Senate Representative O'Reilly has done excellent work in Kentucky, having several assemblies to his credit in the Blue Grass State.

A large increase has been reported to the senate office from the State of Washington, where Past President Col. Burtis is engaged in field work for the order.

### NEW BUTTE ASSEMBLY.

Last week a large assembly was instituted at Butte, Montana, by Senate Representative Falley, assisted by other persons interested in the work in that locality.

Oakland No. 1 is prospering under the direction of the present officers who are

alert and active in the work, and are ably seconded by the other members of the assembly. Past Chairman Simmons has recently married Sister Wood, one of the members of the Oakland Assembly.

### INCREASING ROLE.

Alameda No. 35 is making strenuous efforts to increase its numerical strength and is meeting with success. Brother Ayhens and the Sisters Brule are deeply interested in the success of the order in general, and Alameda Assembly in particular.

Washington No. 1, Gallaudet No. 14, Sunset No. 34 and California No. 1 are all doing well and the enthusiasm shown during the past month by the members is very gratifying to the senate officers.

## LEAGUE OF CROSS CADETS WILL BE HOSTS AT DANCE

MEMBERS OF ARRANGEMENT COMMITTEE OF THE LEAGUE OF CROSS CADETS DANCE.

Bottom row, left to right—S. C. Cronin, J. P. Callaghan, J. P. Martin. Top row—A. Sylvia, J. L. Leonard, F. X. Smith, H. J. Pasackerly.

## Soldiers Arrange Festive Affair, the Proceeds to Be Added to Armory Building Fund.

Members of Company N, League of the Cross Cadets, have completed the arrangements for their eleventh annual military ball at Central Hall on Tuesday evening, November 19.

The boys have arranged for an exceptionally good time and expect this will prove to be the banner dance of all held since they organized.

Captain H. J. Leonard will act as floor director, assisted by Lieutenants J. V. Fitzsimmons and J. L. Flynn.

Floor committee—Sergeant G. L. Courtney, chairman; Privates J. B. Dooling, J. J. Smith, C. A. Hoenisch, E. G. Greene, J. P. Flannery and F. Cullen.

## ACID FUMES KILL MAN

Still Tender in Oil Company's Plant Overcome by Gas and Dies in an Hour.

RICHMOND, Nov. 15.—Frank Rumovich, an Austrian, 36 years of age, was overcome by the acid fumes in the Standard Oil Company's acid plant and died an hour later in the office of Dr. C. L. Abbott. Rumovich was a stilltender in the acid plant. He lives on Castro avenue and leaves a wife and infant child.

### LOGANS ON VISIT.

Mrs. Stella Odell Logan, baby and husband are here on a visit at the home of Mrs. Logan's parents, Mr. and Mrs. A. Odell. They came up in an automobile and will remain over Sunday.

The marriage of F. D. Bryant to Miss Margaret Schleich daughter of Mr. and Mrs. F. Schleich, will take place at the Methodist Church next Sunday afternoon at 3 o'clock. Both of the contracting parties are residents of this city. Mr. Bryant is a member of the clerical force of the Standard Oil Company.

Charles Woertz and Fred Florin were fruitless visitors in Richmond yesterday. F. M. Alvira of the Golden Gate Creamery left yesterday for Sunnyvale on a business trip. Mr. Alvira expects to leave Richmond in the near future. He has a ranch near Sunnyvale and will go into the stock raising business.

### BACK FROM CONVENTION.

Constable John Murray returned from

## MAY USE ELECTROLIERS IN PLACE OF WELSBACHS

Definite steps will be taken in the near future to make East Twelfth street one of the best lighted streets in the city. A resolution was introduced to the streets lighting committee of the City Council last night providing for the installation of Welsbach gas boulevard lamps along East Twelfth street between First and Thirteenth avenues. After some discussion the resolution was referred back to the Board of Public Works with a request for an estimate of the difference in cost of putting in electroliers instead. No further action will be taken until the Board of Works makes its report.

Stockton where he had been in attendance at the meeting of the California Constables' Association. Mr. Murray reports that he had a good time, and that he came within a few votes of landing the convention for Richmond for next May. He was beaten by Oakland.

Dr. J. D. Long, of the United States Health and Marine Hospital Service, will lecture at the A. O. U. W. Hall. The lecture will be given under the direction of the Board of Health and is calculated to school the people of this city on the important subject of sanitation. Dr. J. W. Harrison of the State Board of Health and Dr. Bush of the San Francisco Board of Health, will also be present and address the audience.

## OAKLAND LODGE NO. 123 PLANS BIG INITIATION

Oakland Lodge No. 123 The Fraternal Brotherhood, held its regular meeting last Friday at Pythian castle, Twelfth and Alice streets. President F. B. Eakin presiding. Considerable business was transacted before the lodge. Several applications for membership were acted upon, and a class of twenty-five candidates were initiated.

The meeting culled out over 150 members. After the business closed a banquet was served.

Oakland 123 is moving up the column of the honor roll so fast that it confidently expects to range above La Grande No. 9 of Los Angeles before December 1. If the enthusiasm which is now being displayed still continues Oakland 123 will win the beautiful loving cup which is to be presented to the lodge securing the

largest percentage of insurance. The contest will close on December 10 and gives promise of being a very productive one. It is expected to have at least 1000 new members for the big class initiation to take place in Ye Liberty playhouse on December 15.

The Fraternal Brotherhood ball was an all around success. Honor is due to the committee in charge namely: Brothers W. D. Cole, chairman; G. D. Ratke, W. J. Courtney, and Sisters Webb, Ache, Nelson. Over 200 persons were in the grand march.

## Made in New York

WE protect our customers from substitution by selling Clothes that bear the Benjamin Label.

Try as they may, all that other dealers can offer is a weak imitation of that Correct New York

Style, which is characteristic of every Benjamin Suit or Overcoat.
